Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
138,611,528 s	**+1,864,581 s**	**-12,512,430 s**	**127,963,679 s**

Date	Description	Amount (s)	Balance (s)
12 Jun	Transfer to own account: Svalbard	-12,046,608	126,564,920
	A sundry was described as a fee for a service when it was a refund for one. The description has been amended; the sum is unchanged, and the refund is credited in full. Ref. CIBT-3029-113E-4		
13 Jun	ATM withdrawal: Svalbard	-259,200	126,305,720
	The 0.30 s fee for this withdrawal would ordinarily have been taken on the 13th. It was not, because the cash was drawn on a day the machine was not on the books at all, and the Bank does not recognise a withdrawal on a day it does not recognise. Ref. CIBT-3029-3F42-9		
19 Jun	ATM withdrawal: Svalbard	-172,800	126,132,920
	You take the withdrawal in the smallest unit the machine offers and then, at the glass, count it again against the receipt. The custodian has agreed the total every time, and has begun to ask only whether you have had a good day. Ref. CIBT-3029-3AFC-9		
21 Jun	Temporal Health Plan	-33,822	126,099,098
	The clinic at Svalbard keeps its own day, so the consultation was dated by its sun. The plan paid it on the day the clinic's receipt reached our desk, which is the day we record. Ref. CIBT-3029-E1C6-5		
26 Jun	Payroll credit: Belt Ore Consolidated	+1,321,686	127,420,784
	The Belt Ore Consolidated station at Svalbard pays its staff in rotation, so this credit arrives half a period early and next month's will arrive half a period late. The two cancel out. The Bank has checked the sum twice. Ref. CIBT-3029-DA4E-0		
30 Jun	Interest at 4.70% APY	+542,895	127,963,679
	On Svalbard interest accrues while the station is in shadow and pauses while it is in sun. Your account earned for 29 days and paused for 8. The station has been asked to confirm these figures and has not yet replied. Ref. CIBT-3029-35AA-0		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
