Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
4,857,372 s	**+850,822 s**	**-462,269 s**	**5,245,925 s**

Date	Description	Amount (s)	Balance (s)
04 May	ATM withdrawal: Europa	-86,400	4,770,972
	The receipt for the 4th was posted 29 days late, because the relay at Europa wished to be sure the machine had not been asked the same question twice. It had not. The relay was satisfied, and has asked for the question to be recorded in case it arrives again. Ref. CIBT-3003-C33E-6		
04 May	Slippage fee (Europa, 9 transfers)	-8,100	4,762,872
	Note for the auditors: slippage on this account was calculated at the posted rate for the day and not at the rate in force when the transfer was sent. The two differed by 0.30 seconds, and the account has been charged the lower. Ref. CIBT-3003-D069-5		
08 May	Payroll credit: the Europa Ice Authority	+163,701	4,926,573
	A credit from the Europa Ice Authority, carrying the note "for the work done in the cold". The Teller has accepted the credit and asks whether the note is a clause in the contract or a remark from the foreman. She has not been able to find out and has decided to leave it where it is. Ref. CIBT-3003-CD69-4		
10 May	Transfer to joint account	-98,221	4,828,352
	The statement had printed the holders' names in reverse order. The mandate lists them as they were written, and the statement now does the same, with the first name back in front and the second where it was first written. Ref. CIBT-3003-F2B1-3		
12 May	Deposit: Hall E	+670,121	5,498,473
	The firm has asked to be told on each deposit whether it arrived before the holder's own deadline. The Bank has been able to say yes every time since 2998, which the firm has framed in its foyer. Ref. CIBT-3003-4090-3		
14 May	ATM withdrawal: Europa	-259,200	5,239,273
	The Phobos machine is bolted to a rock that passes over the Head Office's relay for only part of each orbit, and it pays out only inside that part. Your withdrawal was made in the window and posted in the next. Ref. CIBT-3003-93D5-7		
14 May	Turbulence Cover	-10,348	5,228,925
	Late posting of the premium: the carrier's invoice arrived after the journey it described. The carrier says this is unusual and the Bank says it is correct. Both were paid, in the order they were received. Ref. CIBT-3003-BFA4-1		
31 May	Interest at 4.20% APY	+17,000	5,245,925
	This account was checked against the Audit Committee's list of balances that earn more than they should. It is not on the list. The Committee asks that it be noted that it did look. Ref. CIBT-3003-33EF-9

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
