Date	Description	Amount (s)	Balance (s)
07 Jun	Slippage fee (Europa, 5 transfers)	-3,000	126,620,299
	The Teller asks whether you would like the fee explained or simply entered. When you said entered, she said that was the only answer the relay had ever given her, and entered it. Ref. CIBT-2983-F99C-5		
10 Jun	Deposit: Hall E	+177,278	126,797,577
	The deposit was posted in cycles and shown in seconds, the figures having been transposed on the slip. The sum is correct, and the statement now shows both. Ref. CIBT-2983-F98C-4		
15 Jun	Turbulence Cover	-17,566	126,780,011
	You take the earliest connection every time and have never once claimed on it. The underwriter describes this as trust. The Bank describes it as a long run of luck, and prefers that word because it can be counted. Ref. CIBT-2983-DF63-7		
18 Jun	Payroll credit: the Lagrange Four Commissary	+542,831	127,322,842
	Pay from the Lagrange Four Commissary came through the Positive Contact desk at Europa, which holds wages in its own unit until the employer's contract is confirmed. The desk asks that the sum be shown without comment, and it is shown without comment. Ref. CIBT-2983-2EF8-9		
20 Jun	Transfer to joint account	-325,699	126,997,143
	The Lagrange Four Commissary has sent a new form with a box for the holders' relationship. Neither holder has filled it in. The firm was told that the box is not the Bank's concern, and has sent a second box, for the first. Ref. CIBT-2983-60E7-0		
30 Jun	Interest at 3.70% APY	+390,421	127,387,564
	You have never queried a line of interest, though you query most other lines on every statement. The Bank has noticed the difference and has not asked why. Ref. CIBT-2983-1BEC-5
