Date	Description	Amount (s)	Balance (s)
10 May	Transfer to own account: Svalbard	-1,944,361	68,924,588
	This sundry and the one raised on the 10th share a reference number, which the system assigned to both in error. They are different sums for different services. The reference has been left as it stands, to show how easily they could have been one. Ref. CIBT-2989-8EEB-0		
12 May	Transfer to joint account	-325,699	68,598,889
	One holder's signature on the mandate was dated before the account was opened. The officer noticed, and both holders explained it as a matter of optimism. The date has been corrected to the day the account was opened. Ref. CIBT-2989-952C-7		
20 May	ATM withdrawal: Svalbard	-86,400	68,512,489
	The sum was rounded to the whole day before it was dispensed, and the fraction left over was printed on the receipt as a figure. The receipt is not legal tender. It is a receipt for a fraction, which the Bank regards as the more useful of the two. Ref. CIBT-2989-2799-9		
21 May	Payroll credit: the Lagrange Four Commissary	+542,831	69,055,320
	The remittance slips from the Lagrange Four Commissary are signed by a different clerk each month. Each clerk initials the sum the one before wrote, and the Bank reads the initials as a chain of agreement that goes back to 2988. Ref. CIBT-2989-40E0-7		
24 May	Turbulence Cover	-7,313	69,048,007
	The claim was reopened when the carrier revised the delay upward after the first estimate had been filed. The revised figure is correct, and the policy pays by the minute, so the additional minutes have been paid. Ref. CIBT-2989-7E54-9		
31 May	Interest at 3.70% APY	+218,512	69,266,519
	Interest for the Pallas Ring 10 day is credited at close. The Teller says the close is the only part of the day anybody can be sure of: the morning figure is always a little optimistic and the afternoon one always a little late. Ref. CIBT-2989-7507-1
