Period 1–31 July 2989
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
36,738,620 s	**+308,259 s**	**-4,492,281 s**	**32,554,598 s**

Date	Description	Amount (s)	Balance (s)
05 Jul	ATM withdrawal: Venus	-86,400	36,652,220
	You draw One Standard day on the first working day of the month and leave the notes in the envelope marked for the month after, so that the envelope is always one ahead. The officer asks whether the envelope is still needed, and you say that it is. Ref. CIBT-2989-A46E-0		
17 Jul	Payroll credit: Cloudport Aerostat Lines	+204,167	36,856,387
	Your wage arrived on the 17th and was held because its notice had been written on the back of another notice, which the Bank could not read from the front. The notice has been copied out fair, and the wage paid on the copy, with an apology. Ref. CIBT-2989-5E17-6		
23 Jul	Transfer to own account: Venus	-4,018,781	32,837,606
	The Teller calls the sundry column the Bank's conscience, and says it is kept at the back, where nobody has to read it at the same time as the balance. Ref. CIBT-2989-E6FF-3		
25 Jul	Transfer to joint account	-122,500	32,715,106
	The joint transfer was reported to the Authority under the Open Ledger order with Zeno Bellweather's name in the public column and yours in the private one, which both of you agreed was the right way round for two people who share a counter. Ref. CIBT-2989-CD38-2		
26 Jul	Slippage fee (Venus, 6 transfers)	-5,400	32,709,706
	No slippage is charged on the transfer to Venus, which was sent in the same second it was requested. The Bank has looked for a second to charge for and has not found one. Ref. CIBT-2989-310B-4		
27 Jul	ATM withdrawal: Venus	-259,200	32,450,506
	Posting of the Venus withdrawal was delayed 31 days, because the relay was restarted for a calendar change. The machine remembers the sum, the Bank remembers it too, and the two have agreed on it. Ref. CIBT-2989-70B4-1		
31 Jul	Interest at 3.40% APY	+104,092	32,554,598
	At 3.40% APY the day's interest came to 17 seconds and a part. The part was rounded down, as the rule requires for interest owed to a depositor, and up for interest owed by one. Ref. CIBT-2989-255E-5		

Closing balance, month by month

August 2988 July 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
