Period 1–31 July 2999
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
23,029,917 s	**+1,878,714 s**	**-140,396 s**	**24,768,235 s**

Date	Description	Amount (s)	Balance (s)
12 Jul	Slippage fee (Phobos, 4 transfers)	-2,400	23,027,517
	Mars crossings are settled in Mars days, which the relay at Phobos keeps in step with ours by a method it describes as sufficient. The fee for 4 crossings is 2,400 s. Ref. CIBT-2999-3901-6		
13 Jul	Transfer to joint account	-122,500	22,905,017
	Cloudport Aerostat Lines has asked whether the joint transfer could be rounded in the firm's favour, and the holders have asked whether it could be rounded in each other's. The Bank has rounded it in neither, which both holders took as an answer. Ref. CIBT-2999-DEB4-6		
24 Jul	Payroll credit: Cloudport Aerostat Lines	+204,167	23,109,184
	Wages from Cloudport Aerostat Lines reached the Mars desk at Phobos a day early, the Mars clock being the longer of the two. The desk has posted them on the day they were earned rather than the day they were sent, and has said so in a note that needs no reply. Ref. CIBT-2999-948D-4		
28 Jul	Deposit: Hall E	+1,609,296	24,718,480
	A deposit of 1,609,296 arrived on the 28th from an account with no holder's name. It has been credited to your account, as the Bank has always done with money that arrives without a name, and the source has been filed. Ref. CIBT-2999-DFFA-4		
30 Jul	Turbulence Cover	-15,496	24,702,984
	The premium is never paid in advance and never late, and it has been drawn from 8564-4090-1663 on the same morning for as long as the cover has been held. The underwriters call this punctuality and the carrier calls it a rumour. Ref. CIBT-2999-ADA6-3		
31 Jul	Interest at 3.40% APY	+65,251	24,768,235
	The rate on the front of this statement was printed correctly and the figure beneath it was not. The figure has been recalculated from the rate; the amount credited is the one you were always owed. Ref. CIBT-2999-C903-4		

Closing balance, month by month

August 2998 July 2999

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
