Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
101,857,809 s	**+1,443,866 s**	**-8,221,987 s**	**95,079,688 s**

Date	Description	Amount (s)	Balance (s)
11 Jun	ATM withdrawal: Kepler Ring	-86,400	101,771,409
	Your withdrawal of One Standard day at Kepler Ring was rounded to the figure the officer could write without crossing anything out. The receipt and the account agree, and nothing further is owed on either. Ref. CIBT-2947-B103-8		
21 Jun	ATM withdrawal: Kepler Ring	-86,400	101,685,009
	Withdrawals at Kepler Ring are dated by the local day, which begins 29 hours before ours. A draw made just after midnight there is shown on the previous day here, as the Bank's arrangement with the relay requires. Ref. CIBT-2947-6782-9		
25 Jun	Payroll credit: Harbourfront Shipping	+1,104,340	102,789,349
	Wages from Harbourfront Shipping for the period ending on the 25th of the month. The employer's payroll office files in its own local time, which is why this credit appears to arrive before it was sent. It did not; see clause 1.2 of your terms. Ref. CIBT-2947-CCED-5		
26 Jun	Transfer to own account: Kepler Ring	-8,049,187	94,740,162
	Your sundry crossed a Standard Day boundary in the middle of its posting, and so was held for 29 days in the hope that it would cross back. It did not, and was posted on the far side, where it had been all along. Ref. CIBT-2947-BDC2-5		
30 Jun	Interest at 4.00% APY	+339,526	95,079,688
	The interest slip came back to the counter folded the wrong way, and the officer remarked that it had been folded by someone who expected it to be read from the inside. The figure is the same from either side, and she has checked both. Ref. CIBT-2947-C642-7		

Closing balance, month by month

July 2946 June 2947

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
