Date	Description	Amount (s)	Balance (s)
15 Aug	Transfer to own account: Bronx Sector	-6,066,988	205,364,732
	This sundry and the one raised on the 15th share a reference number, which the system assigned to both in error. They are different sums for different services. The reference has been left as it stands, to show how easily they could have been one. Ref. CIBT-2967-3E3F-7		
21 Aug	ATM withdrawal: Bronx Sector	-259,200	205,105,532
	You take the cash-time in the smallest denomination the machine offers. The custodian has begun to set a few of that kind aside in the tray for you, and says this is not a service and must not be entered as one. Ref. CIBT-2967-C01F-0		
22 Aug	Slippage fee (Bronx Sector, 8 transfers)	-7,200	205,098,332
	Crossings from Ceres go through the Belt relay and are charged in Belt seconds, which run a little longer than ours. The Bank does not say by how much, only that the difference has been the same since 2964. Ref. CIBT-2967-7999-2		
23 Aug	ATM withdrawal: Bronx Sector	-86,400	205,011,932
	The withdrawal shown on the 23rd was booked a day after it came out of the machine, so its figure has been moved back to the day it was made. Nothing else on the statement has changed, and the difference is shown in the correction column. Ref. CIBT-2967-D923-2		
31 Aug	Interest at 4.00% APY	+704,772	205,716,704
	You have left the interest on deposit for 8 consecutive periods without once checking the figure before the statement arrived. The branch takes this as a compliment, and the statement is now sent with a little less ceremony. Ref. CIBT-2967-3A4F-4		

Closing balance, month by month

September 2966 August 2967

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
