Date	Description	Amount (s)	Balance (s)
07 Jul	Memory Vault: box 85-427, quarter	-259,200	152,841,379
	Your former employer, Harbourfront Shipping, wound up its staff scheme in 2966 and returned the box to you with its rental paid in full. The Vault has moved the rental to your own account, and the box has been moved with it, a short distance by lift. Ref. CIBT-2969-F4A4-7		
13 Jul	Turbulence Cover	-8,866	152,832,513
	Your premium is still drawn on the line where a cheque used to go, though no cheque has been written against this policy since 2966. The Bank has kept the line for you, and has noted that you have not asked it to be moved. Ref. CIBT-2969-E1F0-4		
17 Jul	ATM withdrawal: Venus	-259,200	152,573,313
	A sum of 3 Standard days is drawn each month at Venus on the same card and paid out in the same whole days. The Bank has been able to predict the figure to the second for 45 years. Ref. CIBT-2969-3E5C-8		
22 Jul	Transfer to own account: Venus	-1,181,386	151,391,927
	Copies are charged by the page, and any part of a day left over from a sheet is rounded up, so 33 pages cost one day more than their arithmetic. The Bank regards this as the way its sums are done, not as a charge. Ref. CIBT-2969-D8F1-1		
26 Jul	Slippage fee (Venus, 3 transfers)	-900	151,391,027
	Audit trail: the 3 crossings on this line reconcile to the relay's log, the relay's log reconciles to the Head Office's, and the Head Office's comes to a figure one second greater than this statement. The second has been entered as a rounding, and the auditors have asked for no further account of it. Ref. CIBT-2969-3286-9		
31 Jul	Interest at 4.00% APY	+510,335	151,901,362
	Eleven offices handled the interest on this account for 2967 on its way to the ledger, and it arrived at each one exactly as it left the last. The auditors have asked whether this is the depositor's doing or the offices', and have been told both, in that order. Ref. CIBT-2969-A400-1

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
