Opening balance	Credits	Debits	Closing balance
74,839,137 s	**+1,353,803 s**	**-2,692,567 s**	**73,500,373 s**

Date	Description	Amount (s)	Balance (s)
02 Nov	Payroll credit: Harbourfront Shipping	+1,104,340	75,943,477
	Wages from the London Sector mining office are converted at a rate the office sets itself, once a year, on the day of its founding. The Bank does not object to the day. It asks only that the rate be posted before it arrives. Ref. CIBT-2989-D9C0-0		
17 Nov	ATM withdrawal: London Sector	-172,800	75,770,677
	Every second week the machine at London Sector pays out 172,800 from 8564-4142-8708 against the storage you keep in the same sector. The arrangement was set up in 2984 and has not missed a payment since. Ref. CIBT-2989-84A4-5		
22 Nov	Transfer to own account: London Sector	-2,492,841	73,277,836
	You pay the sundry at the counter, then ask the teller to read the slip back to you in full. She reads it. You thank her. The officers have timed this at eleven seconds and have not billed for them. Ref. CIBT-2989-580E-6		
29 Nov	Turbulence Cover	-26,926	73,250,910
	Phobos crossings are insured by the orbit, which comes round to the same place every 58 hours. A claim filed on the first pass is held until the second, and the clerk waits for it at the window over a cup of something warm. Ref. CIBT-2989-555F-9		
30 Nov	Interest at 4.00% APY	+249,463	73,500,373
	The interest was paid on London Sector in days and converted at the posted rate of the day the station closed its books. That day falls on no date the Bank keeps, so the rate of the nearest one was used. Ref. CIBT-2989-BDE4-5

December 2988 November 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
