Date	Description	Amount (s)	Balance (s)
11 Jul	Memory Vault: box 85-427, quarter	-259,200	170,958,084
	Your standing order for box 85-427 is paid from 8564-4142-8708 on the first day of each quarter. The officer who set up the order also set up the box, and both carry the same initials, which the Vault has no objection to, the officer having kept the box since 3014. Ref. CIBT-3016-A293-5		
14 Jul	Slippage fee (Vancouver Sector, 6 transfers)	-3,600	170,954,484
	Internal audit notes that slippage on this line was charged at the Standard rate for 6 crossings, and at the Vancouver Sector rate for none. No crossing has ever been made at the Vancouver Sector rate, and the audit recommends that it be kept in case. Ref. CIBT-3016-98B1-0		
19 Jul	ATM withdrawal: Vancouver Sector	-172,800	170,781,684
	Every request you make ends in a few seconds, which the machine notes in its log as the only consistent thing about any of its customers. Ref. CIBT-3016-6ECB-8		
21 Jul	Payroll credit: Harbourfront Shipping	+1,104,340	171,886,024
	The transfer charge on this pay has been waived at the request of the teller, who found the remitter's reference written on the back of a ticket and felt the Bank should not profit from anyone's handwriting. Ref. CIBT-3016-3241-4		
25 Jul	Transfer to own account: Vancouver Sector	-4,758,809	167,127,215
	The Bank converts a sundry from days by taking the posted rate to four places and rounding to two. A charge that began as a whole number may therefore end a second short of where it began, which is the rule and not an error. Ref. CIBT-3016-B513-1		
31 Jul	Interest at 4.00% APY	+570,724	167,697,939
	The auditors asked why the interest for the 31st is one second higher than the sum of the daily figures. The answer is the leap second the Clock Standards Board added in 3014, which the daily figures did not carry. Ref. CIBT-3016-25F5-8
