| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 03 Aug | ATM withdrawal: Lagos Sector | -86,400 | 167,611,539 |
| | Cash-time, the Teller points out, can be withdrawn only once, and she has asked the machine to keep that in mind on your behalf. Ref. CIBT-3016-CB0C-0 | | |
| 13 Aug | Turbulence Cover | -16,308 | 167,595,231 |
| | The Titan Dome run waited 31 days for the dome to finish its seasonal lock, and the premium was held meanwhile in the dome's own account. The dome has paid the claim and the premium, and asks that its account be closed before the next season, which the Bank cannot do until the season is over. Ref. CIBT-3016-9636-8 | | |
| 16 Aug | Transfer to own account: Lagos Sector | -13,898,054 | 153,697,177 |
| | A sundry credit from Harbourfront Shipping's staff account, received at Hall E. The payroll office calls it a bonus; the Bank has been asked not to say so on the statement, and has called it a sundry credit instead, which both parties accept. Ref. CIBT-3016-3FA4-0 | | |
| 18 Aug | Payroll credit: Harbourfront Shipping | +1,104,340 | 154,801,517 |
| | Pay from Harbourfront Shipping at Lagos Sector is set in days on the local shift and reaches this branch as a single figure. The local clerk calls it the wage of the day, and this branch calls it the wage. Ref. CIBT-3016-8B78-5 | | |
| 28 Aug | ATM withdrawal: Lagos Sector | -172,800 | 154,628,717 |
| | Each withdrawal is rounded up to the next full second of cash-time for the machine's charge, so 0.964 of a second on a draw of 2 Standard days costs as much as the whole second. The machine has been reprogrammed twice to stop doing this, and has twice resumed. Ref. CIBT-3016-6BA4-9 | | |
| 31 Aug | Interest at 4.00% APY | +558,993 | 155,187,710 |
| | The Bank rounds an exact half-second to the even second, a rule taken from an old tailor's ledger in 3012 and kept because nobody has found a reason to change it. This period one such half fell on the close, and the figure went to the lower of the two seconds. Ref. CIBT-3016-D5AF-8 | | |
