Period 1–31 January 2985
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
81,226,365 s	**+10,680,060 s**	**-669,011 s**	**91,237,414 s**

Date	Description	Amount (s)	Balance (s)
06 Jan	ATM withdrawal: Europa	-86,400	81,139,965
	Posting of the Europa withdrawal was delayed 29 days, because the relay was restarted for a calendar change. The machine remembers the sum, the Bank remembers it too, and the two have agreed on it. Ref. CIBT-2985-095B-0		
07 Jan	Deposit: Hall E	+10,456,688	91,596,653
	A correction to the 7th line: the deposit was posted in cycles and again in seconds, and the two postings were read as two deposits. One has been reversed, and the sum shown is the one counted at the window. Ref. CIBT-2985-9543-9		
09 Jan	ATM withdrawal: Europa	-172,800	91,423,853
	Auditors' query: why was the withdrawal of 2 Standard days recorded as cash when the receipt reads voucher? The machine was asked, and printed the receipt again, which still says voucher. Ref. CIBT-2985-B56D-7		
09 Jan	Temporal Health Plan	-28,595	91,395,258
	Your claim for the physiotherapy session at Europa was held for 28 days because the clinic posted its receipt by a slower route than the one it uses for its own patients. The session itself was never in doubt; only the paperwork describing it was late. Ref. CIBT-2985-8888-0		
15 Jan	Transfer to joint account	-381,216	91,014,042
	The transfer to 8564-6350-6878 was paid from both holders' wages, which arrive from St. Catherine Bakeries on different days of the month. The account has never been overdrawn, and the two of you have asked the payroll office to keep it that way. Ref. CIBT-2985-A81D-4		
31 Jan	Interest at 3.30% APY	+223,372	91,237,414
	You leave the interest where it lands. The balance has grown at 3.30% APY for as long as the statement has existed, and no withdrawal has ever been made against it. The officer's note on your file reads, in full: "content." Ref. CIBT-2985-A03D-8		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
