Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
92,096,651 s	**+7,859,115 s**	**-761,789 s**	**99,193,977 s**

Date	Description	Amount (s)	Balance (s)
06 Mar	Deposit: Hall E	+6,970,490	99,067,141
	St. Catherine Bakeries's runner brought this deposit from the payroll office and was asked to wait at the counter. He declined, saying the envelope was his only errand, and his receipt has been filed with the slip. Ref. CIBT-2986-0452-0		
13 Mar	Temporal Health Plan	-34,973	99,032,168
	A child born on the 13th was added to your cover from the hour of birth, under the infant clause, and the child's premium is worked out from the child's own day, which began 58 hours after yours. Ref. CIBT-2986-BAF8-4		
14 Mar	Transfer to joint account	-381,216	98,650,952
	A transfer of 381,216 goes to 8564-6350-6878 each quarter for a telescope the holders are still paying off. They say the paying off is the point of it. Ref. CIBT-2986-F398-1		
15 Mar	ATM withdrawal: Mars Station	-172,800	98,478,152
	"Cash is only cash once someone has signed for it," the Teller says, and asks you to sign for it, which you do twice, once with each hand. Ref. CIBT-2986-D2CA-7		
22 Mar	Payroll credit: St. Catherine Bakeries	+635,360	99,113,512
	St. Catherine Bakeries has changed its name, its colour and its opinion of the Authority in the last decade, but its wage day has not moved from the last working day of the month. The payroll office describes this as the one thing it has never seen a reason to revisit. Ref. CIBT-2986-C055-8		
28 Mar	ATM withdrawal: Mars Station	-172,800	98,940,712
	Cash taken at Mars Station came out in sols and was counted by the machine's own sensor, which keeps a second reckoning. The Teller has compared the two and reports that they agree, and that the sensor was embarrassed to be asked. Ref. CIBT-2986-D04B-1		
31 Mar	Interest at 3.30% APY	+253,265	99,193,977
	Your interest was credited on the 31st at Mars Station, where the day is set by the station's own sun, so the day it was credited was shorter than yours and the difference of 58 seconds was taken off as the station's charge. The charge is shown on its own line, and the sun has been informed. Ref. CIBT-2986-DF66-3

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
