| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 04 Jul | Transfer to own account: Mars Station | -281,395 | 98,879,776 |
| | The charge for copying a letter was held while the copy was checked against the original, which had been filed under 8564-4167-8708. The copy matched. The original turned up on the second shelf, and the charge has been posted. Ref. CIBT-2999-04E3-1 | | |
| 12 Jul | Payroll credit: St. Catherine Bakeries | +635,360 | 99,515,136 |
| | The rounding on this wage was done by the employer, not the Bank, and the Bank has accepted it on the principle that a wage knows its own sum better than a clerk does. Ref. CIBT-2999-5732-0 | | |
| 24 Jul | Temporal Health Plan | -14,472 | 99,500,664 |
| | The actuaries asked for the 5 sessions on this statement to be read against the schedule of the year they were given. The schedule was read, and the sessions were given in the year printed on them. Ref. CIBT-2999-54E9-2 | | |
| 30 Jul | Transfer to joint account | -381,216 | 99,119,448 |
| | Kesi Quaresma rounds every figure up to the next whole second when saying it aloud, and rounds it back down when writing it, so the sum is always spoken one way and entered another. The two versions have been compared, and they agree. Ref. CIBT-2999-8A2C-9 | | |
| 31 Jul | Interest at 3.30% APY | +272,693 | 99,392,141 |
| | Interest accrues every second in the account's own unit. On Mars Station that unit is sol, so the 3.30 rate is applied to the local count and converted at the posted rate on the 31st, and the working is shown below the line. Ref. CIBT-2999-47C5-8 | | |

August 2998 July 2999

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
