Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
85,133,090 s	**+869,475 s**	**-10,791,585 s**	**75,210,980 s**

Date	Description	Amount (s)	Balance (s)
10 Jan	ATM withdrawal: Mars Station	-259,200	84,873,890
	The teller says the notes came out warm, which is the only compliment a withdrawal receives at this branch and the one she most often gives. Ref. CIBT-3002-E6CF-7		
15 Jan	Payroll credit: St. Catherine Bakeries	+635,360	85,509,250
	The Teller has put a small cross beside the figure and written beside it, in pencil, "as expected". This is how she signs off the staff wages each month. Ref. CIBT-3002-09C1-8		
22 Jan	Temporal Health Plan	-16,017	85,493,233
	Your premium is paid by hand at the desk, in the same denomination each month. The clerk has stopped counting it, since the figure has never changed. Ref. CIBT-3002-2C85-3		
22 Jan	Transfer to own account: Mars Station	-9,875,952	75,617,281
	Last quarter's sundry was described as a withdrawal from a tea account. There is no tea account; the holder's savings were called that in a joke at the counter in 2999, and the officer has removed the word from the register, though not, she says, from the holder. Ref. CIBT-3002-B1B1-7		
24 Jan	ATM withdrawal: Mars Station	-259,200	75,358,081
	You have never drawn the same sum twice from the machine at Mars Station, though you draw from it every month. The officers have a theory about this and have agreed not to test it. Ref. CIBT-3002-E062-8		
30 Jan	Transfer to joint account	-381,216	74,976,865
	The Teller counts the joint balance twice, once aloud to Kesi Quaresma and once under her breath, and the two counts have never differed by more than the odd second. She describes this as the account being sociable. Ref. CIBT-3002-0C8B-4		
31 Jan	Interest at 3.30% APY	+234,115	75,210,980
	The interest falls due each month on the same afternoon, and you come down to the window to see whether it has been paid. It always has. The Teller now says "still" when she sees you, and you take it as a greeting. Ref. CIBT-3002-59FA-2		

Closing balance, month by month

Highest 97,211,571 s · lowest 52,713,138 s

February 3001 — January 3002

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
