Teodor Castellane
Unit 1, Pallas Ring 10

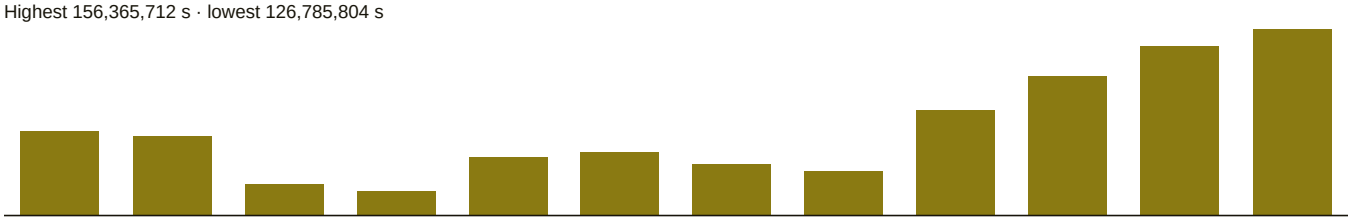

Account 8564-4181-1663
Period 1–30 November 2967
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
153,219,341 s	**+3,183,433 s**	**-37,062 s**	**156,365,712 s**

Date	Description	Amount (s)	Balance (s)
09 Nov	Deposit: Hall E	+1,320,429	154,539,770
	The coins from the jar were counted to the nearest 2 seconds before the slip was written, which leaves 0.949 of a second in the jar. The jar belongs to the window now, and its remainder has been poured into the reserve. Ref. CIBT-2967-4AC4-2		
19 Nov	Payroll credit: the Europa Ice Authority	+904,497	155,444,267
	The Europa Ice Authority's wages for the period came in days and were converted at the posted rate on the day they landed, a day after the employer's own pay day. Its office says the delay was an accident, and the Bank has booked it as one. Ref. CIBT-2967-EC36-7		
19 Nov	Temporal Health Plan	-33,462	155,410,805
	A member asked at the counter whether the plan covered a cold caught from a clock. The officer said it covered the cold, and that the clock was under warranty from its maker. Ref. CIBT-2967-B6A6-5		
20 Nov	Slippage fee (Delhi Sector, 4 transfers)	-3,600	155,407,205
	You check the relay's board before every send. This morning it showed a drift of 0.30 seconds, and you sent anyway; the Bank records that as a considered choice. Ref. CIBT-2967-0BD0-6		
28 Nov	Mech Veterans' Time Pension	+435,008	155,842,213
	The first pension payment of each year is rounded to the nearest ten seconds, a custom the Pensions Office inherited and does not defend. This year the tens fell on the veteran's birthday, which the office has noted without paying anything extra for it. Ref. CIBT-2967-B432-5		
30 Nov	Interest at 4.10% APY	+523,499	156,365,712
	The interest for 2965 was checked by the auditors against the depositor's own copy. That copy was kept in a folder marked with the rate and the word "still". The two agree, and the auditors have asked to see the folder. Ref. CIBT-2967-00C0-7		

Closing balance, month by month

Highest 156,365,712 s · lowest 126,785,804 s

December 2966 November 2967

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
