Teodor Castellane
Unit 144, Pallas Ring 10

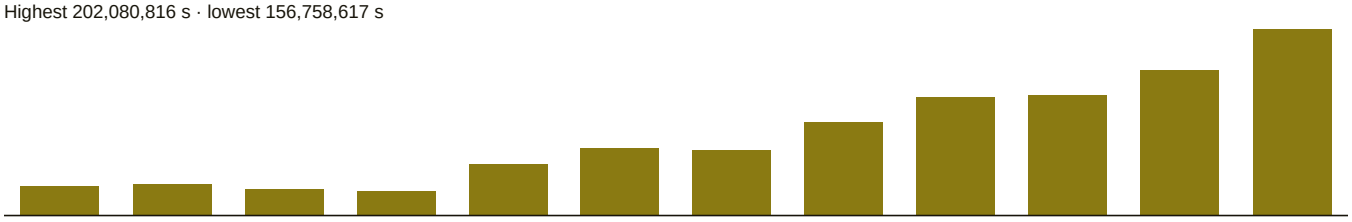

Account 8564-4181-1663
Period 1–31 October 2990
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
190,543,531 s	**+11,814,329 s**	**-277,044 s**	**202,080,816 s**

Date	Description	Amount (s)	Balance (s)
12 Oct	Memory Vault: box 98-035, quarter	-259,200	190,284,331
	You never ask for a receipt for box 98-035, but you always wait while one is written. The counter has learned to write it slowly, and the wait has been entered as a visit. Ref. CIBT-2990-9C4C-5		
14 Oct	Temporal Health Plan	-15,744	190,268,587
	Your plan's renewal fell due while its office on Montréal Sector was keeping its own calendar, so the renewal was entered a day early on this statement and a day late on ours. Both dates are on the record, and the premium is the one due on either. Ref. CIBT-2990-77C9-6		
23 Oct	Slippage fee (Montréal Sector, 7 transfers)	-2,100	190,266,487
	Your transfers were routed through Montréal Sector because the direct relay is closed for maintenance. The Bank does not charge for the detour itself, though the extra seconds spent on the road are charged, and this month they came to 1,200. Ref. CIBT-2990-8CA1-9		
26 Oct	Mech Veterans' Time Pension	+461,722	190,728,209
	The rate shown on your last statement was entered in the wrong unit and has now been restated in days. The sum paid has not changed, and the statement says so in the line beneath the figure. Ref. CIBT-2990-0257-8		
29 Oct	Deposit: Hall E	+10,701,584	201,429,793
	The slip recorded 27 envelopes and the counter found 6. The extra one has been credited to you, since the Bank does not keep what it did not count. Ref. CIBT-2990-23D1-0		
31 Oct	Interest at 4.10% APY	+651,023	202,080,816
	The Montréal Sector portion of the account accrues at the local day's length, which runs 44 hours longer than the Head Office's, so one local day pays more than one day here. The statement converts the local figure to Head Office seconds and shows both, so that you can see the one the rate has earned. Ref. CIBT-2990-97D3-3		

Closing balance, month by month

Highest 202,080,816 s · lowest 156,758,617 s

November 2989 October 2990

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
