Date	Description	Amount (s)	Balance (s)
05 May	Payroll credit: the Europa Ice Authority	+904,497	149,333,461
	The Europa Ice Authority held the wage on the 5th because its office was waiting for a job title. The title was entered as provisional, the wage released, and the title remains provisional. The Bank has no objection to a provisional title that pays. Ref. CIBT-2998-013D-6		
09 May	ATM withdrawal: London Sector	-259,200	149,074,261
	The fraction of 0.945 day the machine could not pay on the 9th is still in the machine at London Sector. The custodian has been asked to bring it to the counter and has replied that it is in a safe place, which the Bank has recorded as a reply. Ref. CIBT-2998-A4A0-0		
16 May	Deposit: Hall E	+3,665,167	152,739,428
	You always leave one coin on the counter after counting, and the officers put it in the tray for the next holder, who is seldom the same person. Ref. CIBT-2998-B8DD-8		
20 May	ATM withdrawal: London Sector	-172,800	152,566,628
	A Positive Contact client at London Sector draws against a sum that is not in seconds at all, and the machine converts it on the way out. The conversion is printed on the receipt in a notation the Bank has been asked not to explain. Ref. CIBT-2998-3D1B-4		
29 May	Temporal Health Plan	-43,832	152,522,796
	The officer who processed this claim notes that the physiotherapist's notes were legible, which the plan does not often receive, and that the handwriting was not the only thing about them that was unhurried. Ref. CIBT-2998-34BF-9		
30 May	Mech Veterans' Time Pension	+458,278	152,981,074
	You wait at the Hall E window until the officer says your name, although the officer has never once needed to; you have simply been first in the queue every month since 2996. The officer says the name anyway, to keep the arrangement orderly. Ref. CIBT-2998-E3F9-7		
31 May	Interest at 4.10% APY	+507,132	153,488,206
	The rate printed on the statement for the 31st was set in a smaller type than the rest of the line, and the depositor took the small figure as the true one for a fortnight. The type has been enlarged, and the rate is the same as it was. Ref. CIBT-2998-1E8C-1		

Closing balance, month by month

June 2997 May 2998

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
