Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
2,922,113,079 s	**+17,670,839 s**	**-8,018,905 s**	**2,931,765,013 s**

Date	Description	Amount (s)	Balance (s)
08 Jan	Temporal Health Plan	-27,349	2,922,085,730
	The premium you paid on the 8th was credited to a member with a similar number, a neighbour on Mars Station. He has returned it with a note asking for the sessions in exchange. The plan has declined, the sessions being yours. Ref. CIBT-2998-8422-8		
09 Jan	Payroll credit: the Ceres Ring Assay Office	+7,443,444	2,929,529,174
	This month's wages from the Ceres Ring Assay Office reached us 29 days after the period closed. The payroll run was split across two worlds, and the second half had to wait for the first to be counted. The sum is complete and has been paid in full, with interest for the wait. Ref. CIBT-2998-41EE-9		
14 Jan	ATM withdrawal: Mars Station	-86,400	2,929,442,774
	One Standard day withdrawn at the Automated Temporal Machine at Mars Station, paid out in whole sols. The machine rounds each request down to the whole sol and keeps the 0.994 that is left over on its own record, where it is never spent. Ref. CIBT-2998-8BFB-8		
19 Jan	Slippage fee (Mars Station, 9 transfers)	-8,100	2,929,434,674
	Your employer rounds its own slippage to the hour and passes the difference to you, which this month came to 1,200 seconds. It will appear on the next line of your statement, where the Bank has taken care to put it. Ref. CIBT-2998-DAB3-0		
26 Jan	Transfer to own account: Mars Station	-7,897,056	2,921,537,618
	Duty on a gift of 7,897,056 to Hamid Pemberton, set by the Authority and paid at the counter. The gift was received without remark, and the duty was paid with the sort of reluctance the Authority has come to expect from this branch. Ref. CIBT-2998-674D-9		
31 Jan	Interest at 4.20% APY	+10,227,395	2,931,765,013
	Posting was held 28 days, because the day the interest fell on was declared a holiday at Mars Station after the schedule had been printed. The holiday was observed, the schedule was not, and the interest followed once both had caught up. Ref. CIBT-2998-F467-1		

Closing balance, month by month

Highest 2,931,765,013 s · lowest 2,153,513,423 s

February 2997 January 2998

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
