Vito Bracegirdle
Unit 366, Pallas Ring 10

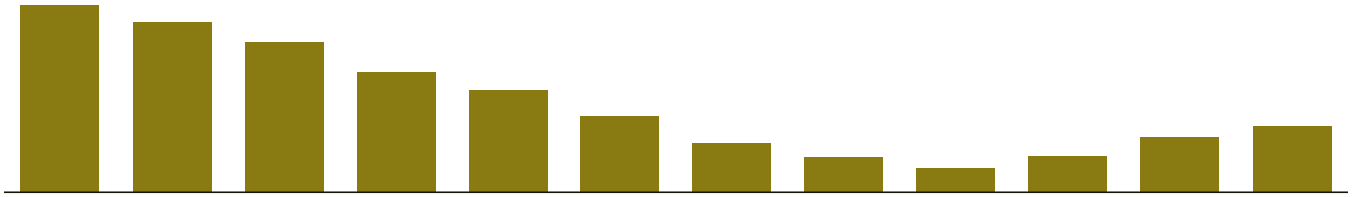

Account 8564-4635-4255
Period 1–31 August 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
642,090,649 s	**+39,296,308 s**	**-261,300 s**	**681,125,657 s**

Date	Description	Amount (s)	Balance (s)
04 Aug	Payroll credit: Interworld Post	+6,701,559	648,792,208
	Your pay from Interworld Post goes into 8564-2525-8915 on the first working day, and the employer's clerk asks each month whether the Bank would like it paid in days instead. The Bank has said it will consider the matter, and has been considering it since 3000. Ref. CIBT-3003-4381-6		
04 Aug	Deposit: Hall E	+30,079,894	678,872,102
	A correction to the 4th line: the deposit was posted in days and again in seconds, and the two postings were read as two deposits. One has been reversed, and the sum shown is the one counted at the window. Ref. CIBT-3003-700D-7		
18 Aug	Slippage fee (Delhi Sector, 7 transfers)	-2,100	678,870,002
	Transfers from Delhi Sector arrive after the day that sent them, because the far side of the crossing keeps its own sunrise. The fee follows the seconds spent in transit and not the day, and the local office asks that this be stated. Ref. CIBT-3003-829D-9		
24 Aug	ATM withdrawal: Delhi Sector	-259,200	678,610,802
	The withdrawal was made at the machine in the foyer of Interworld Post's offices at Delhi Sector. The firm has asked that the machine be recorded as its own. It has been recorded as the Bank's, which the firm has been told is the same machine. Ref. CIBT-3003-5EE3-0		
31 Aug	Interest at 4.70% APY	+2,514,855	681,125,657
	Interest on your pay sat in the account for 30 days at the Interworld Post rate, because Interworld Post pays its staff in arrears and the account was credited in advance. The arrears have since been paid. The interest earned in advance is yours, which is the one arrangement Interworld Post has never wished to explain. Ref. CIBT-3003-20E4-7		

Closing balance, month by month

Highest 1,105,806,242 s · lowest 534,544,685 s

September 3002 — August 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
