Date	Description	Amount (s)	Balance (s)
05 Jul	ATM withdrawal: Svalbard	-172,800	29,857,159
	The sum of 2 Standard days was paid at Svalbard to a card whose expiry had passed the week before. The machine keeps a record of the sum and none of the expiry, and the Committee has asked whether the card or the sum is what lapsed. Ref. CIBT-2953-64B4-5		
13 Jul	Turbulence Cover	-27,003	29,830,156
	A premium was paid into the wrong account in the 13th month, because the carrier had used an old number for it. The money has been moved to your 8564-4635-4321, and the carrier has been asked to use the number on the policy, which it has promised to do. Ref. CIBT-2953-3409-9		
18 Jul	Payroll credit: Brymar College	+172,241	30,002,397
	The credit from Brymar College is a wage, the payroll office asks us to record, and not a gift. The difference between the two is kept in its own file at the Head Office, where it is not paid out. Ref. CIBT-2953-AB69-3		
21 Jul	ATM withdrawal: Svalbard	-86,400	29,915,997
	The machine gave you a 0.982 day in a paper wrapper, which the Teller says you accepted as though you had been expecting it since 2948. The wrapper has been filed with the receipt, where it is kept flat. Ref. CIBT-2953-463C-5		
27 Jul	Transfer to own account: Svalbard	-557,481	29,358,516
	The 557,481 from Tamsin Zamora-Grisolm was held at the Svalbard relay for 29 days, because its covering letter was dated in the sender's future. The relay released it on the day the letter caught up, and the Bank has credited the interest it would have earned had it arrived on time. Ref. CIBT-2953-C8FA-9		
31 Jul	Interest at 3.80% APY	+95,094	29,453,610
	You check the interest figure against your own arithmetic before the statement is posted, every month since 2950. In the one month you disagreed, the Bank's figure was right by 26 seconds, and you wrote to say so before anyone had asked. Ref. CIBT-2953-7EE7-9
