Date	Description	Amount (s)	Balance (s)
02 Jan	ATM withdrawal: New Orleans Sector	-86,400	24,833,060
	The machine printed the wrong 2nd on the receipt. The machine has been reset, and the receipt has been filed with the correct date written in the margin beside the wrong one, which the auditors have agreed may stay where it is. Ref. CIBT-2998-F468-2		
11 Jan	Payroll credit: Brymar College	+172,241	25,005,301
	The Brymar College remittance shows a sum one day above the contract figure, which the payroll office puts down to an extra shift worked during a clock change. The officer checked the shift against the roster and found it there, in a hand nobody on the roster admits to. Ref. CIBT-2998-21CA-1		
16 Jan	Slippage fee (New Orleans Sector, 1 transfers)	-600	25,004,701
	The slippage fee on the transfer of 1 second on the 16th was calculated against the Hall E clock rather than the Head Office clock. The branch clock was ahead by 18 hundredths of a second. The fee has been recalculated, and the statement shows the figure that applies. Ref. CIBT-2998-075D-4		
28 Jan	Turbulence Cover	-7,459	24,997,242
	Turbulence Cover, premium and nothing else. The policy has been in force since 2995, and in that time the Bank has been asked to pay for no delay that the carrier did not first apologise for. Ref. CIBT-2998-805F-7		
28 Jan	Transfer to own account: New Orleans Sector	-509,732	24,487,510
	New Orleans Sector still posts its sundries on paper before it posts them to the ledger. The slip went by hand from the sub-level to the counter, which took 30 Standard days and, the local officer reports, no hurry at all. Ref. CIBT-2998-EE5E-0		
31 Jan	Interest at 3.80% APY	+78,911	24,566,421
	Interest on the Pallas Ring 10 day was posted late, since the day did not close until the local clock reached the Head Office's midnight, which at Pallas Ring 10 came on the 31st, after the statement had been printed. The interest is paid from the day it accrued. The statement was only late in the way that a clock is late for a meeting it was never told about. Ref. CIBT-2998-EAA2-9

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
