Opening balance	Credits	Debits	Closing balance
12,481,213 s	**+211,764 s**	**-265,776 s**	**12,427,201 s**

Date	Description	Amount (s)	Balance (s)
06 May	Transfer to own account: Tallinn Sector	-75,219	12,405,994
	The sundry adjustment of 75,219 was agreed at the counter after a discussion of some length. The Teller's note records only that you were right, and that you were told so, which is the sort of entry the Bank would rather not have to make. Ref. CIBT-3000-3FDF-4		
14 May	Turbulence Cover	-16,557	12,389,437
	The policy names Brymar College as second insured on your journeys to Tallinn Sector. The second insured has never once been delayed, which the underwriters find unnerving in an insured party. Ref. CIBT-3000-CA97-9		
16 May	Slippage fee (Tallinn Sector, 2 transfers)	-1,200	12,388,237
	Auditors' query: the 2 crossings were logged at Hall E, but the relay logged them as sent from its own bench, which appears on none of the Bank's plans. The auditors have asked for the bench to be drawn in and given a number. Ref. CIBT-3000-FFB4-3		
18 May	ATM withdrawal: Tallinn Sector	-86,400	12,301,837
	You have used the 18th as your withdrawal day for many years, and the machine has been set to expect you. It opens its tray a minute before the hour, which the officer says it does for nobody else. Ref. CIBT-3000-646D-3		
19 May	ATM withdrawal: Tallinn Sector	-86,400	12,215,437
	"The machine is always right," the Teller says, "which is why nobody thanks it." She says this to everyone who draws from Tallinn Sector, and has not yet been asked to stop. Ref. CIBT-3000-F173-0		
24 May	Payroll credit: Brymar College	+172,241	12,387,678
	Brymar College sends its wages in the envelope it has used since 2996, and each month the envelope comes back with the previous month's envelope folded inside it. The payroll office asks that the old ones be kept, and the Bank keeps them, in order, at the back of the drawer. Ref. CIBT-3000-896A-7		
31 May	Interest at 3.80% APY	+39,523	12,427,201
	The Teller reads the figure out in the voice she keeps for the weather. Asked whether it is good news, she says it is the same news as last month, which is how it is best received. Ref. CIBT-3000-0EFE-1

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
