STATEMENT OF ACCOUNT

Standard Time Deposit

Soren Juvonen
Unit 148, Pallas Ring 10

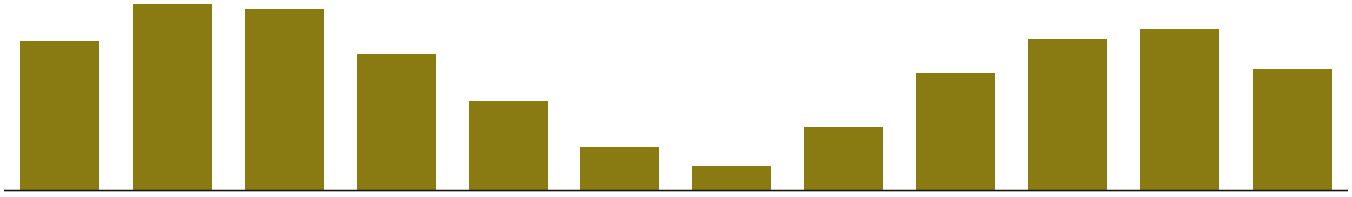

Account 8564-4792-1821
Period 1–31 January 2995
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
50,850,409 s	**+441,575 s**	**-3,993,209 s**	**47,298,775 s**

Date	Description	Amount (s)	Balance (s)
06 Jan	Payroll credit: the Lagrange Four Commissary	+305,974	51,156,383
	Your wages from the Lagrange Four Commissary came in as one credit, though the office had asked for two. The Teller says one sum is easier to carry, and points out that the office has been told. Ref. CIBT-2995-D3DE-3		
12 Jan	Slippage fee (Mars Station, 7 transfers)	-2,100	51,154,283
	The 7 crossings were first charged to the Settlement Reserve by mistake and then charged to you by way of correction. The Reserve has been repaid in full, and the Bank apologises to the Reserve, which has not yet replied. Ref. CIBT-2995-C19F-0		
23 Jan	Turbulence Cover	-10,296	51,143,987
	Return journeys are covered by a premium paid on the 23rd and reviewed each spring, when the underwriter reads the file aloud. The file has never yet asked him to stop, and he has begun to read the small print more slowly. Ref. CIBT-2995-9004-2		
28 Jan	ATM withdrawal: Mars Station	-172,800	50,971,187
	Asked whether the machine had been adjusted since your last visit, the Teller said it had been adjusted by a second officer, who was then adjusted by a third, and that the Bank was satisfied with the result. Ref. CIBT-2995-FBD1-0		
28 Jan	Transfer to own account: Mars Station	-3,808,013	47,163,174
	The sum divided by two left a second over, which the two officers settled by agreeing that it belonged to neither. It has been posted to the suspense line, where it keeps company with several others of the same kind. Ref. CIBT-2995-B4FE-4		
31 Jan	Interest at 3.20% APY	+135,601	47,298,775
	The auditors checked the accrual on this account against the rate table for 2994. They found the table correct and the account correct on the first reckoning, and asked for the table to be reprinted with its errors left in, for the record. Ref. CIBT-2995-F19F-3

February 2994 January 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
