Date	Description	Amount (s)	Balance (s)
03 Aug	Payroll credit: the Lagrange Four Commissary	+305,974	47,589,687
	"Wages are wages," the officer says, "even when they land before the work has been done." The slip is initialled twice, once for the day it was paid and once for the day it was earned, and the second stamp is the one that stays on the file. Ref. CIBT-2995-353D-0		
17 Aug	ATM withdrawal: L4 Habitat	-259,200	47,330,487
	You count the notes twice at the machine and once at the Hall E counter, and each time the total is the same. The officer reads this as thoroughness rather than anxiety, and has decided to keep the reading on file. Ref. CIBT-2995-6D00-5		
17 Aug	Turbulence Cover	-13,564	47,316,923
	The premium falls due on the day of travel, which the Teller points out is also the day the policy is most needed. The Teller considers the timing exactly the wrong way round and entirely sensible. Ref. CIBT-2995-A811-6		
17 Aug	Deposit: Hall E	+598,495	47,915,418
	You stand at the window with your bag on the ledge while the count is made, and step back a single pace when it is finished, as if the ledge might want the room. The officers now leave the space clear before you reach it. Ref. CIBT-2995-C9B5-0		
31 Aug	Interest at 3.20% APY	+126,089	48,041,507
	You have asked for the interest to be checked by hand on the first of each period, against a card you keep in your own hand. The Bank does so, and the result has never differed from the machine's. The officer now writes the figure in the margin before being asked. Ref. CIBT-2995-B67B-8
