Date	Description	Amount (s)	Balance (s)
02 Jul	Slippage fee (Io, 6 transfers)	-5,400	24,711,728
	The crossing waited 30 days in the lee of the strongroom wall, out of the lamplight while the relay established whether its last transfer had been a crossing or a rumour. It had been a crossing, and the check has been entered as one. Ref. CIBT-3000-DABC-1		
22 Jul	Transfer to own account: Io	-3,955,392	20,756,336
	The sundry was entered in the same pen as the one before it. The officer at Hall E records this as a coincidence, and the ink, which is the same ink, as a habit. Ref. CIBT-3000-ED34-5		
29 Jul	ATM withdrawal: Io	-86,400	20,669,936
	The machine took 12 minutes to count out One Standard day, because it had been told the coins were valuable and counted each one twice. The count was correct, and the Bank has asked the machine to be less thorough without asking it to be less careful. Ref. CIBT-3000-FCA2-7		
31 Jul	Interest at 3.20% APY	+65,912	20,735,848
	The Teller confirms that the interest is still being paid whenever you ask. Each time, you thank them as though it were news. Ref. CIBT-3000-FA8B-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
