Date	Description	Amount (s)	Balance (s)
06 Oct	Deposit: Hall E	+4,817,813	22,184,469
	The Tycho window keeps a lunar calendar on the wall, its longer days shaded grey, and this deposit was credited on one of the grey days. The Tycho officers say a grey day is the only one the branch can truly spare, and that they have never needed to explain why. Ref. CIBT-3000-29CF-9		
12 Oct	ATM withdrawal: Ganymede	-172,800	22,011,669
	The Ganymede machine prints the local count first and the Earth figure beneath it, in a smaller type, for visitors who have not yet learnt that they are visitors. You have read both and said nothing, which the custodian records as a yes. Ref. CIBT-3000-BF6E-4		
12 Oct	Turbulence Cover	-8,594	22,003,075
	Paid at the policy rate, the 40-minute delay is the only one this journey has produced this year. A second holder aboard claimed for the same 40 minutes; that claim has been declined, and the manifest now says so. Ref. CIBT-3000-44DE-6		
14 Oct	Payroll credit: the Lagrange Four Commissary	+305,974	22,309,049
	The Lagrange Four Commissary wage for the 14th came to 305,974, and the odd 0.987 was rounded in the employer's favour, as the agreement between the two offices allows. It is the first month this year that the rounding has gone that way. Ref. CIBT-3000-9347-0		
31 Oct	Interest at 3.20% APY	+46,311	22,355,360
	On Ganymede the interest is credited by the local clock, and the statement carries it across at the posted rate on the day it lands. The figure is the one the local office sends, and the local office sends it to the second. Ref. CIBT-3000-856B-4

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
