Date	Description	Amount (s)	Balance (s)
04 Sep	Mech Veterans' Time Pension	+460,477	199,266,996
	Asked whether the sum was right, the Teller checked it against the schedule, then against your hand, then against the window, and found the three in agreement. She said she would not be the one to upset them. Ref. CIBT-3003-AB60-1		
12 Sep	Deposit: Hall E	+8,431,810	207,698,806
	The pay slip from Cloudport Aerostat Lines came folded round this envelope, and the counter has filed the two together, since they have not been apart for a single morning in the file. Ref. CIBT-3003-71FF-2		
14 Sep	Payroll credit: Cloudport Aerostat Lines	+1,566,034	209,264,840
	The envelope that came with the Cloudport Aerostat Lines transfer was empty. The Teller says this is the employer's usual practice and not a fee, and has filed the envelope anyway, so that the next officer can see it for themselves. Ref. CIBT-3003-68CF-5		
14 Sep	Slippage fee (Nairobi Sector, 2 transfers)	-600	209,264,240
	Two clocks, each read by two officers and each found to agree with itself, produce the slippage on the 14th crossing. The Bank can show where the difference was recorded. It cannot show why it chose that day. Ref. CIBT-3003-D314-8		
30 Sep	Interest at 3.80% APY	+629,553	209,893,793
	You have asked for the interest to be checked by hand on the first of each period, against a card you keep in your own hand. The Bank does so, and the result has never differed from the machine's. The officer now writes the figure in the margin before being asked. Ref. CIBT-3003-0D52-7

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
