Date	Description	Amount (s)	Balance (s)
07 Jun	Temporal Health Plan	-43,811	480,585,709
	The cover period on the last statement was shown 41 days short, a keying error. It has been extended. You may keep the extra days; the plan has entered them as a courtesy and not as a claim. Ref. CIBT-2964-27F3-9		
09 Jun	Turbulence Cover	-10,840	480,574,869
	A delay was paid twice, once on the carrier's form and once on the policy's. Both forms were correct; the carrier's came first, and the policy's has been filed beside it as a copy. Ref. CIBT-2964-8698-6		
13 Jun	ATM withdrawal: New Orleans Sector	-86,400	480,488,469
	The withdrawal of One Standard day was held 31 days at New Orleans Sector because the receipt paper had been ordered in the wrong colour for the Standard calendar. The receipt has been reprinted, and the cash was in the drawer the whole time. Ref. CIBT-2964-4FEE-3		
13 Jun	ATM withdrawal: New Orleans Sector	-172,800	480,315,669
	The Teller counted the notes twice at the window, once for you and once because you had asked how many there were. The figure was the same both times, which she describes as the only pleasant surprise of the morning. Ref. CIBT-2964-C16D-1		
21 Jun	Deposit: Hall E	+18,543,699	498,859,368
	The deposit was counted while you stood at the window with one hand flat on the counter, which you do whenever a sum is being checked. The Teller has taken this to mean you are satisfied, and has noted it on your file. Ref. CIBT-2964-4D2F-3		
30 Jun	Interest at 4.30% APY	+1,722,255	500,581,623
	You say "thank you" when the interest is read out, and you say it before the Teller reaches the end. She has asked you to wait for the last digit next time, and you have said you will, next time. Ref. CIBT-2964-D26C-2
