Date	Description	Amount (s)	Balance (s)
05 Aug	Slippage fee (Kepler Ring, 1 transfers)	-300	440,083,708
	The Bank cannot make 1 crossings cost less, but it has noticed that they cost less when nobody remembers sending them. That is why the fee for the quarter is smaller than you were expecting. Ref. CIBT-3012-57E8-1		
06 Aug	Transfer to own account: Kepler Ring	-24,660,602	415,423,106
	Auditors: sundries for 7 months were reconciled to the day book and agree, except one charge on the 6th that was raised twice and paid once. The duplicate was removed, and Bram Tranter-Drummond has initialled the removal in the margin. Ref. CIBT-3012-AE07-5		
08 Aug	Temporal Health Plan	-41,679	415,381,427
	One consultation, dated the 8th, appears in the registers of two branches 31 days apart, and both clinics signed for it in the same hand. The plan has paid once. The hand has not been identified, although the plan has asked it which of its two days it prefers. Ref. CIBT-3012-C774-7		
12 Aug	ATM withdrawal: Kepler Ring	-86,400	415,295,027
	For the exceptions file: the 12th withdrawal at Kepler Ring carries the machine's serial in the margin and the branch's count in the body. The two numbers have never differed by more than a single breath, which the Committee has agreed to call a breath. Ref. CIBT-3012-8C91-7		
15 Aug	Turbulence Cover	-18,395	415,276,632
	Kepler Ring prices its cover in whole turns, so a short crossing was charged the full turn at each departure. The cover has since been adjusted to half a unit for the very short ones, which the local underwriter describes as a discount for brevity. Ref. CIBT-3012-68DD-4		
24 Aug	Payroll credit: the Europa Ice Authority	+2,782,042	418,058,674
	You check the Europa Ice Authority figure each month against a pencil list you keep at the back of your bag. The list has never been wrong, and the Bank was asked once, politely, to keep a copy of it on file. Ref. CIBT-3012-EE1D-3		
24 Aug	ATM withdrawal: Kepler Ring	-259,200	417,799,474
	Your withdrawal at Kepler Ring took 60 minutes to approve, because the machine had to wait for the relay's clock to agree with the account's. The clocks agreed on the 24th, and the withdrawal was then approved in full. Ref. CIBT-3012-6815-0		
31 Aug	Interest at 4.30% APY	+1,576,967	419,376,441
	Your interest is credited on the afternoon the Europa Ice Authority pays its wages, and the two arrive in one envelope with a slip for each. The Teller has asked the firm to put the slips in separate envelopes, so that the interest does not look as though it had been earned by work. Ref. CIBT-3012-447B-3

September 3011 August 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
