Period 1–31 January 2996
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
904,203,465 s	**+8,163,225 s**	**-12,696,250 s**	**899,670,440 s**

Date	Description	Amount (s)	Balance (s)
13 Jan	Turbulence Cover	-15,867	904,187,598
	You claim for every delay in whole minutes and never round up. The underwriters have begun to use your figures as the standard for the route, and say they are the only figures on the file that agree with the timetable. Ref. CIBT-2996-8DC1-8		
13 Jan	Transfer to own account: London Sector	-12,419,383	891,768,215
	You have placed 12,419,383 in the night safe at Hall E on the last working day of each month for some years, and taken a receipt each time. This month the receipt was not collected, and the safe has kept it for you. Ref. CIBT-2996-A1C5-2		
20 Jan	Payroll credit: the Europa Ice Authority	+5,676,666	897,444,881
	The counter has the 35 notes ready on the Friday before pay day, in the order you asked for. You collected them on the Monday instead, after the wages had been paid, and the Teller has put them back in order without remarking on it. Ref. CIBT-2996-1494-8		
20 Jan	Memory Vault: box 77-007, quarter	-259,200	897,185,681
	The seal on box 77-007 was replaced after the old one cracked along the line of the fold. The custodians say the new seal is an exact match. The holder was shown both and said they looked the same to them. Ref. CIBT-2996-6B3B-5		
21 Jan	Slippage fee (London Sector, 6 transfers)	-1,800	897,183,881
	The Europa Ice Authority pays its slippage in advance on the first Monday of each quarter, a sum of 0.30 s held against the year's crossings. The advance has never been drawn on, and the firm has never asked for it back. Ref. CIBT-2996-3754-9		
31 Jan	Interest at 3.30% APY	+2,486,559	899,670,440
	The rate on this account was the same for 4 periods running. The Rate Committee took that for a clerical error, and the auditors took it for settled practice. The rate was checked, and it is correct. The Committee has agreed to stop writing to the account about it. Ref. CIBT-2996-9583-5		

Closing balance, month by month

Highest 948,095,083 s · lowest 782,086,005 s

February 2995 — January 2996

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
