Date	Description	Amount (s)	Balance (s)
14 Oct	Deposit: Hall E	+73,365,212	645,748,594
	The quarterly deposit of 73,365,212 from 8564-4356-3536 came in on the 14th, two days before the Bank's own calendar expected it. Nothing is due for the early arrival, and nothing has been asked of the sender. Ref. CIBT-3003-827C-6		
17 Oct	Transfer to joint account	-2,606,759	643,141,835
	A joint account held partly on Kepler Ring keeps two local days: one holder's day begins at the local dawn, the other's at midnight on St. Catherine Street. The statement prints both, one above the other, and the interest falls in the gap between. Ref. CIBT-3003-7899-3		
22 Oct	Payroll credit: Montréal Sector Transit	+4,344,599	647,486,434
	You have been paid early by Montréal Sector Transit in each of the last 9 months. The credits are accepted without comment, and the Bank is pleased to have them. Ref. CIBT-3003-F834-7		
23 Oct	ATM withdrawal: Kepler Ring	-259,200	647,227,234
	Montréal Sector Transit's own staff card was used at Kepler Ring for this withdrawal, under an arrangement whose details the Bank has been asked not to show. The sum is entered on your statement, and the arrangement is not. Ref. CIBT-3003-0170-8		
31 Oct	Interest at 4.90% APY	+2,337,232	649,564,466
	The Ceres branch counts its interest in lengths of the asteroid's own day, and converts the total to ours on the morning the day ends. The conversion is printed in small type beside the sum, and you have read it every month without remark. Ref. CIBT-3003-0C74-0

November 3002 October 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
