Unit 135, Pallas Ring 10

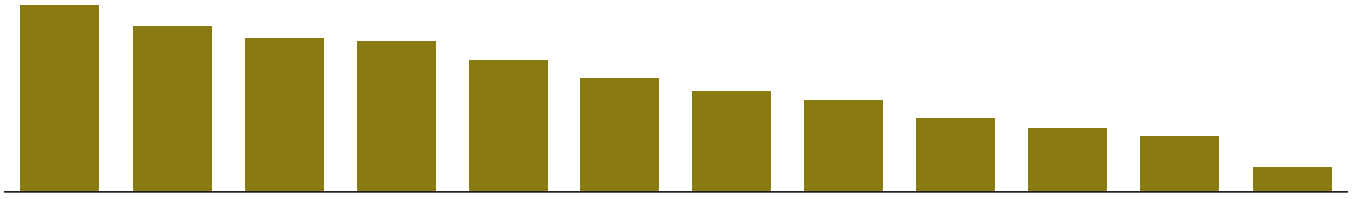

Account 8564-6033-8317
Period 1–30 June 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
45,814,879 s	**+776,964 s**	**-5,731,651 s**	**40,860,192 s**

Date	Description	Amount (s)	Balance (s)
03 Jun	Payroll credit: Titan Methane Works	+463,093	46,277,972
	Titan Methane Works offered to pay you on any day you liked. You chose the first working day of the month, and the office has agreed, with a note saying it finds the choice a little unambitious. Ref. CIBT-3003-AE56-9		
09 Jun	Turbulence Cover	-24,152	46,253,820
	Premiums on the Oakland Sector run are worked out in the local day and then rounded to the Head Office's, which is 14 hours shorter. The 0.956 left over is the lost time, and it is charged to nobody. Ref. CIBT-3003-9268-5		
15 Jun	Mech Veterans' Time Pension	+184,063	46,437,883
	The rate line on your schedule showed the rank rate, not the service rate. The two were printed one above the other for 3000, and the eye took the wrong one. The Office has apologised in a line at the foot of the page. Ref. CIBT-3003-C858-0		
25 Jun	Transfer to own account: Oakland Sector	-5,707,499	40,730,384
	Balance sent to Oakland Sector and returned within the hour, at the desk's own request, so that the desk could check its clock against ours. The two agree. The charge for the check is 0.30, and it is the only thing in this account that has ever travelled twice. Ref. CIBT-3003-FE7F-2		
30 Jun	Interest at 3.40% APY	+129,808	40,860,192
	The Oakland Sector office pays its interest in the station's own unit, which is the shorter of the two, so the same sum looks larger on the local page than on ours. The Bank has laid the two pages against each other and found the sum unchanged, though the figure has grown in the telling. Ref. CIBT-3003-FB65-1		

Closing balance, month by month

Highest 66,674,131 s · lowest 40,860,192 s

July 3002 June 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
