Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
218,026,402 s	**+26,765,310 s**	**-259,500 s**	**244,532,212 s**

Date	Description	Amount (s)	Balance (s)
04 Jan	ATM withdrawal: Tallinn Sector	-259,200	217,767,202
	The auditors matched this withdrawal against the machine's own log, the relay's and the branch's, and found all three recording the same 33 seconds of delay. They asked for the three to be kept together, and they now are. Ref. CIBT-3003-F51A-5		
13 Jan	Deposit: Hall E	+23,935,504	241,702,706
	The Europa branch is reached through an ice airlock with two doors, and an envelope must wait between them while the first one closes. The sum was credited when the second opened, and the officers at Europa say the wait is the only part of the transaction that cannot be made any quicker. Ref. CIBT-3003-D511-7		
16 Jan	Slippage fee (Tallinn Sector, 1 transfers)	-300	241,702,406
	No fee on 1 crossings. The posted rate was printed in minutes for a fortnight before the sheet was corrected, and the Bank has charged nothing at the rate that was never in force, which it considers the only honest way to have been wrong. Ref. CIBT-3003-56EF-4		
24 Jan	Payroll credit: the Lunar Freight Co-operative	+1,939,532	243,641,938
	Counted twice, once by the cashier and once against the employer's own advice, the Lunar Freight Co-operative credit agrees in both. The cashier notes that this is less common than it ought to be. Ref. CIBT-3003-A99A-2		
31 Jan	Interest at 4.90% APY	+890,274	244,532,212
	The interest credited on the 31st was posted against the period before, not the period it was earned in. It has been moved to the correct period and the balance restated from that date. The total for the year is unchanged. Ref. CIBT-3003-5947-5

February 3002 January 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
