Caio Underhill
Unit 57, Pallas Ring 10

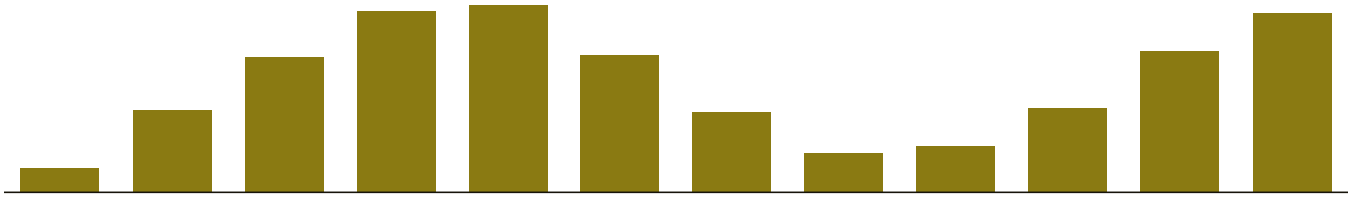

Account 8564-6095-1663
Period 1–31 December 3012
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
48,140,687 s	**+3,338,990 s**	**-174,000 s**	**51,305,677 s**

Date	Description	Amount (s)	Balance (s)
02 Dec	ATM withdrawal: London Sector	-86,400	48,054,287
	Each month you draw the same One Standard day from the machine at London Sector, and each month the sum is the same to the second. The Bank has set the limit to match, so that the account balances without anyone having to explain it. Ref. CIBT-3012-A42B-1		
03 Dec	ATM withdrawal: London Sector	-86,400	47,967,887
	The custodian notes that the machine at London Sector was not in the building on the day of this transaction. The transaction is shown as completed at that machine, and the Committee has asked the custodian where the machine was. Ref. CIBT-3012-A703-7		
17 Dec	Slippage fee (London Sector, 4 transfers)	-1,200	47,966,687
	Crossing 4 waited 28 days at the Callisto relay for a signature from Lumi Fairbrass-Ravensworth, who was on leave on another world. The fee runs from the day the transfer left Hall E, not the day it reached the desk. Ref. CIBT-3012-5030-8		
25 Dec	Deposit: Hall E	+2,997,593	50,964,280
	Notes on the slip were counted to the nearest whole unit, and the unit was day. The slip had been written in seconds, which the counter converted by a rule of its own, now pinned in the margin. Nobody is at fault, and the total is correct to the second. Ref. CIBT-3012-0111-3		
30 Dec	Payroll credit: Cloudport Aerostat Lines	+184,940	51,149,220
	The Teller compared the Cloudport Aerostat Lines advice with the credit, found no difference, and went to lunch early to mark it. She considers that a fair use of a good result. Ref. CIBT-3012-F083-3		
31 Dec	Interest at 3.90% APY	+156,457	51,305,677
	Cloudport Aerostat Lines lent you a sum against next month's wages and has asked the Bank to pay the interest on your savings back to the firm each month until the loan is cleared. The Bank has agreed, on the understanding that the firm will not look at the balance more than once a quarter. Ref. CIBT-3012-5F4D-1

January 3012 December 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
