Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
10,669,145 s	**+187,269 s**	**-1,469,873 s**	**9,386,541 s**

Date	Description	Amount (s)	Balance (s)
06 Sep	Slippage fee (Phobos, 2 transfers)	-600	10,668,545
	The relay at Phobos had a fault in its queue, so your 2 crossings left out of order and arrived in the order sent. They are charged in the order received, which is the one rule the Bank and the relay have ever agreed on. Ref. CIBT-3003-7C28-6		
16 Sep	Temporal Health Plan	-33,860	10,634,685
	Consultation claims have never once fallen in the same week as a premium rise, a timing the plan has noticed without drawing a conclusion. This statement carries the premium alone, which the plan is glad to carry. Ref. CIBT-3003-CBBC-4		
24 Sep	Transfer to own account: Phobos	-1,176,213	9,458,472
	The sundry was posted to 8564-6749-9708 when it belonged to the account two places down the ledger, the two numbers differing by a single digit and a stroke of the pen. The entry has moved, and the sum has not. Ref. CIBT-3003-458E-8		
27 Sep	Payroll credit: Cloudport Aerostat Lines	+154,373	9,612,845
	The wage arrived in one lump, as the employer asked, and the Teller has written in the margin: one lump, not two, please note the lump. Ref. CIBT-3003-5AF3-7		
29 Sep	ATM withdrawal: Phobos	-259,200	9,353,645
	The withdrawal was held for 29 days at Phobos, while the machine's operator, who had been on leave, confirmed that the notes were the Bank's and not a loan from the local office. They were the Bank's, and the operator has since gone back on leave. Ref. CIBT-3003-983D-0		
30 Sep	Interest at 3.70% APY	+32,896	9,386,541
	The interest was credited a second early, on the strength of a clock at Phobos that the local office has since admitted was running fast. The early second has been taken back, and the sum is correct to the second. Ref. CIBT-3003-82D4-4

October 3002 September 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
