Period 1–30 November 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
21,113,902 s	**+517,601 s**	**-86,400 s**	**21,545,103 s**

Date	Description	Amount (s)	Balance (s)
04 Nov	ATM withdrawal: New Orleans Sector	-86,400	21,027,502
	You draw One Standard day at New Orleans Sector on the 4th of each month, and the receipt reads "as before." The machine has printed those two words since 3001, and you have never once asked it for more. Ref. CIBT-3003-5A92-3		
07 Nov	Payroll credit: Titan Methane Works	+156,948	21,184,450
	The credit from Titan Methane Works, sent through New Orleans Sector, was struck in days, rounded down to the whole, and converted at the rate posted for the day of the crossing. It was then kept on the lectern beside the rate board until the local morning arrived. Ref. CIBT-3003-8DA5-0		
19 Nov	Deposit: Hall E	+286,755	21,471,205
	You bring your deposit on the day your pay arrives, and the counter has begun to count it before you reach the window. The officers have stopped asking whether you would like the count explained. Ref. CIBT-3003-CC8C-5		
30 Nov	Interest at 4.20% APY	+73,898	21,545,103
	The period's interest was paid a day after the rest of the statement, because the Clock Standards Board sat late on the 30th and its minutes had to be read into the record before the rate could be printed. The rate is the one the minutes approved, and the interest was paid in full. Ref. CIBT-3003-2F16-1

December 3002 November 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
