Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
21,545,103 s	**+413,077 s**	**-278,808 s**	**21,679,372 s**

Date	Description	Amount (s)	Balance (s)
07 Dec	Payroll credit: Titan Methane Works	+156,948	21,702,051
	Titan Methane Works rounds the wage down to the whole cycle and the overtime to the nearest half-hour, so the overtime always comes out a little above the timesheet and the wage a little below the hours. Across the year the two agree, which the firm calls the balance. Ref. CIBT-3003-4C0F-5		
13 Dec	Slippage fee (Ganymede, 1 transfers)	-900	21,701,151
	A crossing of 1 transfers was logged at Ganymede on a date the relay has no record of, and it has been charged all the same. The relay says the date is its own affair. Ref. CIBT-3003-87C1-5		
17 Dec	ATM withdrawal: Ganymede	-259,200	21,441,951
	The cash-time machine at Ganymede pays out only in whole cycles, so the 0.946 left over stays in the account and appears on the next line as a credit. Nothing is owed on the remainder, which may be spent or left where it is. Ref. CIBT-3003-A1B4-0		
18 Dec	Deposit: Hall E	+180,722	21,622,673
	For the auditors: the deposit of 180,722 appears on one page of the Hall E ledger and again on the page after, in the same hand. The second entry has been marked as the copy. The auditors asked which hand; the Bank has said it was the same one. Ref. CIBT-3003-17E1-0		
30 Dec	Turbulence Cover	-18,708	21,603,965
	Titan Methane Works pays the premium on your behalf for each journey made on its business, and the Bank has asked that the cover be shown in the company's name. It has been shown in yours, since the traveller is you. Ref. CIBT-3003-2A3D-2		
31 Dec	Interest at 4.20% APY	+75,407	21,679,372
	You were asked whether you would prefer the fee waived or the interest rounded. You said both, and the Teller has done both and written it down in her own hand. Ref. CIBT-3003-EFB5-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
