Unit 184, Pallas Ring 10

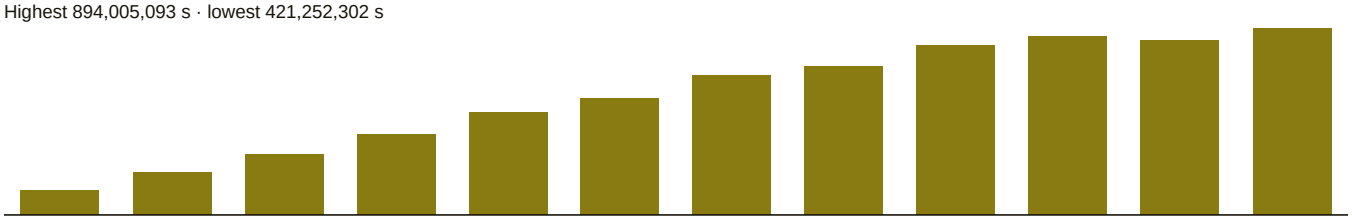

Account 8564-6958-7708
Period 1–30 June 3025
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
858,391,717 s	+39,209,361 s	-3,595,985 s	894,005,093 s

Date	Description	Amount (s)	Balance (s)
14 Jun	ATM withdrawal: Venus	-86,400	858,305,317
	The Venus machine asked for a second signature, which you gave, and then asked for a third, which you did not. The man on the concourse says the third is optional and that most customers find it so. Ref. CIBT-3025-F745-2		
24 Jun	Slippage fee (Venus, 3 transfers)	-900	858,304,417
	Crossings from Hall E to Venus take the longer route, which passes two relays. Each relay takes its own fee, and the total on this line is the sum of the two, shown as one figure. Ref. CIBT-3025-4864-6		
24 Jun	Transfer to joint account	-3,508,685	854,795,732
	A joint transfer dated the 24th arrived 31 days late. It had been sent on time. The holders had agreed in writing that it should wait until the second of them returned from a long walk, and she has. Ref. CIBT-3025-4832-1		
28 Jun	Deposit: Hall E	+29,856,454	884,652,186
	A deposit from the Mars branch is entered on the local sol and credited on ours, so it sits a few days older on this statement than it did in the envelope. The Mars office asks us to say that the sol was long. Ref. CIBT-3025-8558-0		
29 Jun	Payroll credit: Belt Ore Consolidated	+5,847,808	890,499,994
	The largest single credit this branch has handled this year came from Belt Ore Consolidated. The Teller asks that it not be mentioned at the counter, and has said so in writing, which is the only instruction on your file that she has ever given that way. Ref. CIBT-3025-E6ED-2		
30 Jun	Interest at 4.90% APY	+3,505,099	894,005,093
	Your deposits are recorded at Hall E on the day they are made, and your interest is recorded at Hall E on the day it is earned. The two have never been confused, though the officers have been asked to check. Ref. CIBT-3025-DBC4-5		

Closing balance, month by month

Highest 894,005,093 s · lowest 421,252,302 s

July 3024 June 3025

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
