Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
497,763,537 s	**+7,880,342 s**	**-34,187,911 s**	**471,455,968 s**

Date	Description	Amount (s)	Balance (s)
02 Aug	Transfer to own account: Kepler Ring	-30,592,826	467,170,711
	A Chrono-Forex option was bought at Hall E and allowed to lapse, at a cost of 0.30 seconds. The option did nothing, which is what it was for, and the Bank is pleased that you know it. Ref. CIBT-3029-A8C4-6		
14 Aug	ATM withdrawal: Kepler Ring	-86,400	467,084,311
	Cash-time dispensed at Kepler Ring was counted twice, once by the machine and once by a teller, and the two counts agree to the second. The auditors asked for the check and have accepted it. Ref. CIBT-3029-C949-9		
23 Aug	Payroll credit: Belt Ore Consolidated	+5,847,808	472,932,119
	A pay credit from Belt Ore Consolidated at Kepler Ring was posted before the local office closed for the night, the earliest the Bank will take a remittance from a world that keeps its own hours. The office asks that this be recorded as a courtesy to the wages. Ref. CIBT-3029-E0B0-7		
27 Aug	Transfer to joint account	-3,508,685	469,423,434
	For the auditors: the standing transfer appears twice in the register, once as a payment and once as a repayment of the same payment. The two entries net to nothing and are kept for reasons of symmetry, which the auditors have accepted as a reason. Ref. CIBT-3029-ED06-5		
31 Aug	Interest at 4.90% APY	+2,032,534	471,455,968
	The interest line matches the figure you wrote down at your last visit, to the second. The officer at Hall E now checks it against the posted rate with a little more warmth than the rate strictly needs, and the figure is correct each time. Ref. CIBT-3029-0183-0

September 3028 August 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
