Date	Description	Amount (s)	Balance (s)
02 Jun	Transfer to own account: Venus	-64,209,711	3,533,310,003
	On Europa the sundries are paid into a tin box under the ice, which the local office opens once a fortnight. The office calls this a ceremony, and the Bank posts the sum on the day the box is opened, which is the only day the office keeps its own time. Ref. CIBT-3003-8E8A-4		
11 Jun	Payroll credit: the Lunar Freight Co-operative	+8,561,586	3,541,871,589
	The wage on the 11th is credited in the same sum as last month and the month before, and has been the same since 3001. The Lunar Freight Co-operative describes this as the sum you were engaged for, and the Bank has found no reason to dispute it. Ref. CIBT-3003-AD8B-3		
26 Jun	Transfer to joint account	-5,136,951	3,536,734,638
	The holder who lives at Venus signs the joint mandate at the local office, where a station clerk witnesses it and records the time in the local day. The Bank files the form in ours. Both copies are correct, and the joint account agrees with each. Ref. CIBT-3003-BD1A-6		
29 Jun	ATM withdrawal: Venus	-172,800	3,536,561,838
	A sum of 2 Standard days is drawn each month at Venus on the same card and paid out in the same whole days. The Bank has been able to predict the figure to the second for 41 years. Ref. CIBT-3003-9791-6		
30 Jun	Interest at 3.50% APY	+10,492,765	3,547,054,603
	The statement shows the interest rounded to the second, though it accrued to the tenth. Your account is credited with the figure shown, and the tenths are the Bank's, as they have always been. Ref. CIBT-3003-94F8-3
