Unit 391, Pallas Ring 10

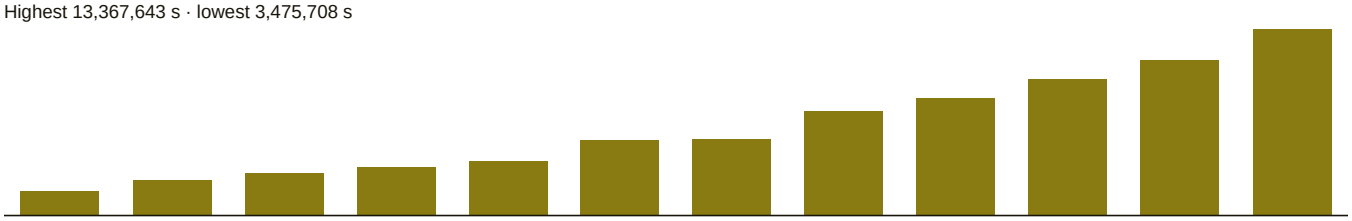

Account 8564-7283-1663
Period 1–31 July 3011
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
11,480,710 s	**+2,335,056 s**	**-448,123 s**	**13,367,643 s**

Date	Description	Amount (s)	Balance (s)
12 Jul	ATM withdrawal: L4 Habitat	-172,800	11,307,910
	For the exceptions file: the 12th withdrawal at L4 Habitat carries the machine's serial in the margin and the branch's count in the body. The two numbers have never differed by more than a single breath, which the Committee has agreed to call a breath. Ref. CIBT-3011-7F64-8		
19 Jul	Turbulence Cover	-16,123	11,291,787
	The officer asks each month whether you still travel, and writes the answer in the margin in a hand that suggests the question is a formality. It is, since the answer has always been yes. Ref. CIBT-3011-4A86-4		
20 Jul	Deposit: Hall E	+2,167,523	13,459,310
	Auditors' note: the counter's tally is in pencil, the slip is in ink, and the envelope is in a third hand that the auditors have been unable to place. All three total 2,167,523, which they describe as a rare unanimity between parties who have never met. Ref. CIBT-3011-829B-6		
26 Jul	Payroll credit: Kepler Ring Hydroponics	+131,178	13,590,488
	Kepler Ring Hydroponics paid its share through the Positive Contact counter at L4 Habitat, in a unit the counter does not name. The counter asks that the sum be recorded in the unit of the wage itself, which is the only unit the Bank can read without asking. Ref. CIBT-3011-A6DF-4		
27 Jul	ATM withdrawal: L4 Habitat	-259,200	13,331,288
	The sum was rounded to the whole watch before it was dispensed, and the fraction left over was printed on the receipt as a figure. The receipt is not legal tender. It is a receipt for a fraction, which the Bank regards as the more honest of the two. Ref. CIBT-3011-5F44-4		
31 Jul	Interest at 3.80% APY	+36,355	13,367,643
	No fee has been taken on this account in its first 30 days, since a depositor should not be asked to pay for a rate that has not yet been paid out. Ref. CIBT-3011-23AB-9		

Closing balance, month by month

August 3010 July 3011

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
