Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
38,509,231 s	**+551,377 s**	**-188,603 s**	**38,872,005 s**

Date	Description	Amount (s)	Balance (s)
04 Aug	Turbulence Cover	-14,903	38,494,328
	The premium for 29 Standard days was charged on the schedule the underwriters retired in 3026. The correct figure is 0.30 lower and has been applied to this statement. Ref. CIBT-3027-BA5B-4		
17 Aug	Slippage fee (Venus, 3 transfers)	-900	38,493,428
	The far relay at Venus keeps its reference by the turning of a ring, so each crossing is recorded against the ring's position on the day it was sent. The ring was slow on the 17th, and the fee of 0.30 s stands as the ring had it. Ref. CIBT-3027-6D45-1		
20 Aug	Payroll credit: Kepler Ring Hydroponics	+131,178	38,624,606
	An earlier wage line was shown in days and should have been in seconds. It has been restated in seconds. The total is the same, although the figure now runs to a good many more digits. Ref. CIBT-3027-ABD7-8		
21 Aug	Deposit: Hall E	+298,254	38,922,860
	Kepler Ring Hydroponics changed its payroll bank the week before this deposit, so the wages went through the old desk and were forwarded here. The forwarding charge has been waived, the old desk having apologised for it in advance. Ref. CIBT-3027-4515-1		
30 Aug	ATM withdrawal: Venus	-172,800	38,750,060
	The machine at Venus held your 2 Standard days for one day while it checked the sum with the Head Office, then released it with an apology printed in the faintest type it has. Ref. CIBT-3027-C226-5		
31 Aug	Interest at 3.80% APY	+121,945	38,872,005
	The Teller reads the figure once, then again, and says the second reading was for her own benefit and not yours. Ref. CIBT-3027-E589-9		

Closing balance, month by month

Highest 38,872,005 s · lowest 30,167,776 s

September 3026 August 3027

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
