Period 1–31 March 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
203,290,707 s	**+11,213,403 s**	**-279,919 s**	**214,224,191 s**

Date	Description	Amount (s)	Balance (s)
05 Mar	Deposit: Hall E	+10,654,354	213,945,061
	You always bring a pencil to the counter and always leave it there. The officers keep the pencils in a tin with your name on the lid, and it is now the fullest tin at Hall E. Ref. CIBT-3003-5B85-6		
09 Mar	ATM withdrawal: Oakland Sector	-172,800	213,772,261
	The card was kept by the machine at Oakland Sector for 24 minutes while the Bank's ledger caught up with a withdrawal you had already made. You had walked off with the notes by then, and the machine has been asked to return the card with a note apologising for its pace. Ref. CIBT-3003-0517-3		
13 Mar	Turbulence Cover	-20,119	213,752,142
	You pay the premium each month from the same card at the Hall E window, and the officer has stopped asking whether the card is still good. It is, and it has been since 2999, which the officer regards as a fair record for a card. Ref. CIBT-3003-5F21-0		
15 Mar	ATM withdrawal: Oakland Sector	-86,400	213,665,742
	The machine at Oakland Sector recorded this withdrawal under the card's previous holder's account number. The record has been corrected, and both versions are kept in the audit trail. Ref. CIBT-3003-A453-9		
26 Mar	Slippage fee (Oakland Sector, 1 transfers)	-600	213,665,142
	The fee on this line was checked against the schedule, the relay's log and the statement, and all three agree to the second. The auditors describe the result as suspicious and have minuted it as such, pending a second check that nobody has yet been able to schedule. Ref. CIBT-3003-B9C8-4		
31 Mar	Interest at 3.30% APY	+559,049	214,224,191
	Rounded line by line, this interest would have come to 36 seconds more. It was rounded once, at the close of the period, because the Bank's rule is one rounding per period, and the Bank has never needed a second one. Ref. CIBT-3003-AB81-4		

Closing balance, month by month

April 3002 March 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
