Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,692,512,621 s	**+10,769,479 s**	**-34,740,337 s**	**1,668,541,763 s**

Date	Description	Amount (s)	Balance (s)
02 Jun	Payroll credit: Phobos Drydock	+5,691,942	1,698,204,563
	A line on the last statement gave your Phobos Drydock salary in shifts when it had been paid in seconds. The unit label was wrong and the sum was right, and the label has been changed. Ref. CIBT-3011-886D-1		
03 Jun	Transfer to own account: The Belt	-31,211,129	1,666,993,434
	The standing sundry for the box-key replacement at Hall E is drawn on the 3rd of every month. No key has been replaced since 3010, but the Bank keeps one on a hook in the same drawer as the first, and both are paid for. Ref. CIBT-3011-45D1-9		
13 Jun	Slippage fee (The Belt, 5 transfers)	-3,000	1,666,990,434
	An earlier line charged the crossings at the fee for a single transfer. There were 5 of them, so the fee has been multiplied and shown in full, which comes to 3,000 s. The first line was the Bank's arithmetic; this line is the Bank's correction of it. Ref. CIBT-3011-5CE0-4		
15 Jun	Temporal Health Plan	-24,643	1,666,965,791
	Your physiotherapy is raised on the 15th of each month and paid on the day it is raised, so the plan's ledger records a session a little before it happens. The plan describes this as the most cheerful entry in its books. Ref. CIBT-3011-2A50-3		
17 Jun	ATM withdrawal: The Belt	-86,400	1,666,879,391
	You have never collected the change on a withdrawal at The Belt. The Bank asked whether you would like it posted to the account, and you said you would prefer the machine to keep it. The Teller has entered this as a standing instruction, which the machine has accepted without remark. Ref. CIBT-3011-480E-2		
26 Jun	Transfer to joint account	-3,415,165	1,663,464,226
	Faro Zelenko-Grisolm banks on The Belt, where the day is longer than ours, so the joint account's transfers arrive 29 days apart. Both are correct; the later one is dated on the day the Head Office received it, which the officer on The Belt does not recognise. Ref. CIBT-3011-2C26-8		
30 Jun	Interest at 3.60% APY	+5,077,537	1,668,541,763
	The Tycho window pays interest by the lunar day, which runs slower than ours, so each statement here is a little older than the same month at Head Office. The Tycho officers say that a balance this patient is worth the wait, and they have seen a good many. Ref. CIBT-3011-44FB-7		

Closing balance, month by month

Highest 1,967,510,301 s · lowest 1,668,541,763 s

July 3010 June 3011

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
