Date	Description	Amount (s)	Balance (s)
04 Aug	Transfer to joint account	-3,624,960	241,859,138
	The joint balance is rounded down at the close of the Pallas Ring 10 day, and the fraction is carried forward as a unit owned by neither holder. Ref. CIBT-3003-B7BF-5		
06 Aug	Deposit: Hall E	+18,269,942	260,129,080
	Rounding rule: deposits in days are rounded to the nearest whole unit, and a deposit of less than half a unit is not rounded at all. This one was less than half, which is how it comes to appear as 0.965 and not as nothing. Ref. CIBT-3003-B89C-4		
07 Aug	Slippage fee (Bronx Sector, 7 transfers)	-2,100	260,126,980
	Your transfers went by light-speed courier, which keeps its own clock and charges slippage on the difference when it arrives. The courier has been asked to keep the difference small and has replied in writing that it is trying. Ref. CIBT-3003-7C0E-7		
12 Aug	Payroll credit: Brymar College	+6,041,601	266,168,581
	The employer's wages for 30 standard days arrive at the start of the month, because that is when its office begins its own. The employer apologises for the early hour. The Bank has no quarrel with the hour, only with the day it began on. Ref. CIBT-3003-D395-7		
13 Aug	Turbulence Cover	-10,056	266,158,525
	The premium for 29 Standard days was charged on the schedule the underwriters retired in 3003. The correct figure is 0.30 lower and has been applied to this statement. Ref. CIBT-3003-B45E-8		
31 Aug	Interest at 4.20% APY	+859,194	267,017,719
	You have never asked for the interest to be shown in another unit. The statement gives it in Standard Galactic Seconds, as it always has, and you have never objected to the unit. Ref. CIBT-3003-EAB6-2
