Date	Description	Amount (s)	Balance (s)
03 May	Payroll credit: Belt Ore Consolidated	+3,329,441	379,831,476
	Wages from Belt Ore Consolidated for the period ending on the 3rd of the month. The employer's payroll office files in its own local time, which is why this credit appears to arrive before it was sent. It did not; see clause 1.2 of your terms. Ref. CIBT-3012-2152-0		
11 May	Deposit: Hall E	+8,041,164	387,872,640
	Contractors are paid through this window, and each one's deposit is made on the afternoon of its invoice, which Belt Ore Consolidated regards as a complete accounting system. Ref. CIBT-3012-30AF-2		
12 May	Slippage fee (Svalbard, 9 transfers)	-2,700	387,869,940
	You have crossed to Svalbard every 50 days since 3011, always in the same second of the local morning. The relay now holds your transfer for that second, and the fee for the wait is still the fee for the crossing. Ref. CIBT-3012-96DD-5		
21 May	Mech Veterans' Time Pension	+1,649,554	389,519,494
	The credit on the 21st went to a veteran of the same name and the same unit, whose file is two streets from the Hall E counter. The payment has been reversed and the correct veteran paid. The other veteran has been sent a letter, which he has not answered, and which the Bank considers the right reply. Ref. CIBT-3012-3BE0-2		
21 May	Turbulence Cover	-8,189	389,511,305
	A carrier on the Svalbard run prices its delays in days and charges its premiums in Standard seconds, a practice the Bank has studied for a century without finding the reason. Your account is shown in both, and agrees with itself. Ref. CIBT-3012-91BE-9		
24 May	Temporal Health Plan	-28,552	389,482,753
	A reimbursement landed on the wrong dentist's books, because a physiotherapist on Svalbard shares a surname with him. The two have been separated, the dentist has been paid nothing, and he has not yet complained, which the plan takes as a sign he has not noticed. Ref. CIBT-3012-2DC5-6		
31 May	Interest at 4.60% APY	+1,443,257	390,926,010
	You walk to the Hall E board on the 31st of each month to read the posted rate, though it is printed on your statement in larger type. The board carries the same figure. The officers have stopped pretending the walk is unnecessary. Ref. CIBT-3012-3121-7

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
