Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
21,407,545 s	**+2,721,272 s**	**-175,200 s**	**23,953,617 s**

Date	Description	Amount (s)	Balance (s)
02 Jan	ATM withdrawal: New Orleans Sector	-86,400	21,321,145
	The receipt for this draw was printed on the machine's own paper, which is thinner than ours and reads the same from either side. The Bank has kept it in the file, since it cannot tell which side is the front. Ref. CIBT-2987-88B3-7		
16 Jan	Slippage fee (New Orleans Sector, 8 transfers)	-2,400	21,318,745
	The relay at New Orleans Sector has been asked to explain its fee of 2,400 s. Its reply, filed with this statement, says the second was lost in transit and that the Bank should charge for losing it. The Bank has not, and the relay has noted the omission in pencil. Ref. CIBT-2987-3E09-3		
16 Jan	Deposit: Hall E	+2,183,026	23,501,771
	Rounding on this deposit was taken to four places and then to the whole second, the Bank's rule for sums paid in days. The working is filed with the auditors, who have asked that it be kept beside the slip and not the statement. Ref. CIBT-2987-882C-7		
23 Jan	Payroll credit: Montréal Sector Transit	+472,240	23,974,011
	Wages from Montréal Sector Transit at New Orleans Sector, where the office keeps the local day of its own dock. A payment made late there is credited at the next posted second, which the local officer describes as a courtesy and this branch describes as arithmetic. Ref. CIBT-2987-2253-2		
28 Jan	ATM withdrawal: New Orleans Sector	-86,400	23,887,611
	Asked to confirm the withdrawal at New Orleans Sector, you gave the same answer twice. The Teller describes this as the only sensible reply the machine has ever been given. Ref. CIBT-2987-9CC1-8		
31 Jan	Interest at 3.70% APY	+66,006	23,953,617
	You fold the statement along the interest line each month, so that the figure sits on the outside and is the first thing read at the counter. The officers have noticed the fold is always made in the same place. Ref. CIBT-2987-0A33-3		

Closing balance, month by month

August 2986 January 2987

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
