Date	Description	Amount (s)	Balance (s)
16 Jul	ATM withdrawal: London Sector	-259,200	238,141,506
	The withdrawal was made at London Sector, which is on the far side of a day from the Hall E counter. It was posted on the evening of the day before, and the Bank has made the adjustment. You need not make one yourself. Ref. CIBT-3003-826F-8		
25 Jul	Deposit: Hall E	+15,645,736	253,787,242
	At the Ceres dock the deposit is weighed on the ore scale before anyone counts it, since the scale is the only instrument on the station that nobody has ever argued with. The count followed the weight to the unit, and the dock regards that as the correct order of things. Ref. CIBT-3003-CA13-0		
27 Jul	Payroll credit: Ganymede Heights Infirmary	+1,089,836	254,877,078
	Salary from Ganymede Heights Infirmary, received in days. The transfer was held back because the remitter's ledger had not yet closed for the day, and was released on the next working day with no interest owing on the delay. Ref. CIBT-3003-70D9-6		
29 Jul	ATM withdrawal: London Sector	-86,400	254,790,678
	Asked whether the machine had been adjusted since your last visit, the Teller said it had been adjusted by a second officer, who was then adjusted by a third, and that the Bank was satisfied with the result. Ref. CIBT-3003-6DC6-1		
31 Jul	Interest at 3.70% APY	+735,068	255,525,746
	The interest was credited a second early, on the strength of a clock at London Sector that the local office has since admitted was running fast. The early second has been taken back, and the sum is correct to the second. Ref. CIBT-3003-8AD0-5
